Uneasy Alliance illuminates the recent search in literary studies for a new interface between textual and contextual readings. Written in tribute to G.A.M. Janssens, the twenty-one essays in the volume exemplify a renewed awareness of the paradoxical nature of literary texts both as works of literary art and as documents embedded in and functioning within a writer's life and culture. Together they offer fresh and often interdisciplinary perspectives on twentieth-century American writers of more or less established status (Henry James, Edna St. Vincent Millay, E.E. Cummings, Vladimir Nabokov, Flannery O'Connor, Saul Bellow, Michael Ondaatje, Toni Morrison and Sandra Cisneros) as well as on those who, for reasons of fashion, politics, ideology, or gender, have been unduly neglected (Booth Tarkington, Julia Peterkin, Robert Coates, Martha Gellhorn, Isabella Gardner, Karl Shapiro, the young Jewish-American writers, Julia Alvarez, and writers of popular crime and detective fiction). Exploring the fruitful interactions and uneasy alliance between literature and ethics, film, biography, gender studies, popular culture, avant-garde art, urban studies, anthropology and multicultural studies, together these essays testify to the ongoing pertinence of an approach to literature that is undogmatic, sensitive and sophisticated and that seeks to do justice to the complex interweavings of literature, culture and biography in twentieth-century American writing.

Rogan, Morrissey later did a U-turn and cited it as evidence in the royalty-related court case brought by Smiths drummer Mike Joyce. Now, 20 years after it was first published, Rogan has returned to his definitive Smiths biography to produce a completely revised edition based on new information and new interviews to add to the almost 100 initially conducted over a four-year period. Widely acclaimed as one rock 's leading writers, Johnny Rogan now brings yet more insight and analysis to his best-selling book that revealed, for the first time, the true and unsanitised story of The Smiths – the most important group of their generation.

The historical account of my life as an artist: written in a way that reflects the idea, “ art mirrors life and life mirrors art. ” I use a subtitle for the book: “ The art that affected my life and the life that affected my art. ” I am a fifty-year veteran of working in the creative industry, accomplishing and/or holding the titles of – fine artist, painter, sculptor, illustrator, designer, graphic designer, conceptual promotional designer, art director, creative director, under graduate advertising arts instructor, private post-secondary college administrator, mentor and more. This book is written in conversational style.

"Morgan has impersonated the 43rd president onstage before thousands and on television before millions. Discovered at a Bush for president rally in 2004, he suddenly went from selling appliances to becoming one of the top impersonators in the industry. Still, all of this pales in comparison to his love of imitating Jesus Christ. These laugh-out-loud anecdotes illustrate how much fun portraying "Dubya" can be, but they also reveal that underneath John Morgan's presidential exterior lies a man who strives to imitate Jesus Christ."--inside flap.

themes, particularly music. This book will be a surprise to those who know John – and those that don't. John England uses quotes from a lot of different sources to comment and entertain. It is a very readable account of the life and times of someone who has had a successful professional career and a private life touched by sadness but who has found happiness again.

"I was amazed how well Liz Newall drew me into the world of Icie Jones. In lesser hands, the potentially complex telling of Icie's story could have been maudlin, but, delightfully, it's compelling, intriguing and sparkling with Southern delight. You Don't Have to Tell Everything You Know is, quite simply, wonderful." -Mark A. Stevens, author, *The Clinchfield No. 1: Tennessee's Legendary Steam Engine*

Isamar Woods Jones McGee, was born in upstate South Carolina into a second family in 1865, one month after the Civil War ended. Her life is a product of unsettled times, family dynamics, and the human condition. She tells her story and those of the people around her through journal entries, which she annotates and amends in her final days. Her travels take her down the Savannah River and to the 1901

Charleston Exposition where she meets Beautiful Jim Key, billed as the world's smartest horse, and a young Nancy Columbia, the Inuit star of stage and screen in the early 1900s. Isamar's life and times offer a fascinating, often funny, sometimes complex testament to the joys and sorrows of the human heart — regardless of era. You Don't Have to Tell Everything You Know attempts to find meaning in the randomness of life — a butterfly wing, a war, a Bible verse, a chance meeting — the stuff of one's own story. "Liz Newall has created an endearing, relatable character in Isamar 'Icie' Jones. And it is this character's story — as told to us in richly detailed fashion throughout — that captured my desire to learn all I could about Icie and her world. Let me encourage you to pour yourself a cognac (you'll understand why), curl up, and spend the next few hours taking in every line that Newall beautifully dedicated to the Southern dialogue." -Clem Stambaugh, poet, *In Black and Light*
