The story is brought to its inevitable conclusion, the Killing of Crazy Horse, documenting the policies of the US Military Command, in the charge of General of the Army Philip Sheridan under the direction of President Ulysses S. Grant, and in collusion with Sioux chiefs of various tribes who had grown to fear and envy the power of Crazy Horse and his followers, eventually turning traitor against him for their own benefit.

The title The Killing of Crazy Horse might be a bit inaccurate when trying to sum up the content of this massively dense Thomas Powers book about the great Native American leader. The book is indeed about Crazy Horse, his peers and family and his wartime prowess, but more than that, it's also a tremendous book about the Indian Wars of 1876-77 and beyond, and that's why surprisingly I've rated this book only three of five stars here.

[The Killing of Crazy Horse by Thomas Powers](#)

"Killing Crazy Horse" is a thorough, detailed account of the history of Native Americans (Indians) in the United States. It points out there were many Indian tribes, often differing in culture and attitude toward outsiders significantly. Some tribes were friendly with some tribes in their area, enemies with others.

Many say Crazy Horse was murdered, others suggest an accident, and some even claim suicide. Powers handles the conflicting, Rashomon -style perspectives deftly. And he offers a fresh take by relying heavily on the recollections of William Garnett, a half-Lakota interpreter who witnessed Crazy Horse's death but who has been practically ignored by historians.

The Killing of Crazy Horse is as factual as we are going to get, this is the definitive account of the end of a great man. On a personal level, while I can never resist another book on Crazy Horse, it was hard to read. On the one hand, I can never get enough of Lakota life in general and of Crazy Horse himself.

The Killing of Crazy Horse - Walmart.com - Walmart.com

The Killing of Crazy Horse takes on the mythology and the history of the man and his age. Thomas Powers—whose work as a journalist peering into the shadows of the intelligence world has served as surprisingly apt preparation—nimble traces the mixture of legend, tacit knowledge, and hearsay that represents the canon of Crazy Horse studies. The Sioux wars of the 1860s and '70s comprised a world with a social structure all its own.

In September 1877, four months after surrendering to U.S. troops under General George Crook, Crazy Horse was fatally wounded by a bayonet-wielding military guard while allegedly resisting imprisonment at Camp Robinson in present-day Nebraska.

Crazy Horse - Wikipedia

Events leading up to the killing of the great Sioux Indian chief Crazy Horse at a military post in western Nebraska in 1877 take up less than 100 of author Thomas Powers's 467 pages. The rest of the book gives us an immensely detailed and far-reaching account of our government's wars against the Plains Indians in the 1860s and 1870s.

Investigates the enigmatic Native American figure, assessing critical battles attributed to his leadership within a context of the Great Sioux Wars, exploring the relationships between the Lakota Sioux and other tribes and analyzing the subjugation of North Plains Native Americans. Reprint.

The latest installment of the multimillion-selling Killing series is a gripping journey through the American West and the historic clashes between Native Americans and settlers. The bloody Battle of Tippecanoe was only the beginning. It's 1811 and President James Madison has ordered the destruction of Shawnee warrior chief Tecumseh's alliance of tribes in the Great Lakes region. But while General William Henry Harrison would win this fight, the armed conflict between Native Americans and the newly formed United States would rage on for decades. Bestselling authors Bill O'Reilly and Martin Dugard venture through the fraught history of our country's founding on already occupied lands, from General Andrew Jackson's brutal battles with the Creek Nation to President James Monroe's epic "sea to shining sea" policy, to President Martin Van Buren's cruel enforcement of a "treaty" that forced the Cherokee Nation out of their homelands along what would be called the Trail of Tears. O'Reilly and Dugard take readers behind the legends to reveal never-before-told historical moments in the fascinating creation story of America. This fast-paced, wild ride through the American frontier will shock readers and impart unexpected lessons that reverberate to this day.

The Killing of Chief Crazy Horse is a story of envy, greed, and treachery. In the year after the Battle of the Little Big Horn, the great Oglala Sioux chief Crazy Horse and his half-starved followers finally surrendered to the U.S. Army near Camp Robinson, Nebraska. Chiefs who had already surrendered resented the favors he received in doing so. When the army asked for his help rounding up the the Nez Percés, Crazy Horse's reply was allegedly mistranslated by Frank Grouard, a scout for General George Crook. By August rumors had spread that Crazy Horse was planning another uprising. Tension continued to mount, and Crazy Horse was arrested at Fort Robinson on September 5. During a scuffle Crazy Horse was fatally wounded by a bayonet in front of several witnesses. Here the killing of Crazy Horse is viewed from three widely differing perspectives—that of Chief He Dog, the victim's friend and lifelong companion; that of William Garnett, the guide and interpreter for Lieutenant William P. Clark, on special assignment to General Crook; and that of Valentine McGillycuddy, the medical officer who attended Crazy Horse in his last hours. Their eyewitness accounts, edited and introduced by Robert A. Clark, combine to give The Killing of Chief Crazy Horse all the starkness and horror of classical tragedy.

The latest installment of the multimillion-selling Killing series is a gripping journey through the American West and the historic clashes between Native Americans and settlers. The bloody Battle of Tippecanoe was only the beginning. It's 1811 and President James Madison has ordered the destruction of Shawnee warrior chief Tecumseh's alliance of tribes in the Great Lakes region. If you'd like to purchase the original book, please paste this link in your browser: <https://amzn.to/3oZbWCP> A contentious retelling of an old, old story, Killing Crazy Horse is the good, the bad, and the ugly of the Native American subjugation at the hands of the young United States of America. The sun, rivers, and mountains bear witness to the carnage that preceded fulfilled ambitions, and the cries of thousands still echo as the train of capitalism finally arrives at the shining sea. What does this SNAP Summary Include? - Synopsis of the original book - Key takeaways from each chapter - How Crazy Horse and other Indian chiefs held out against incursions by white settlers - How Native tribes were deceived and finally overwhelmed into submission - Editorial Review - Background on Bill O'Reilly About the Original Book: If you thought you knew what Cowboys and Indians represented from your childhood tomfoolery, it was likely a mirage. Read it again, and think on the dilemma that faced the native population pushing against uninvited Westward expansion in the 1800s. Muddy lines affix conquering heroes to violence and

mayhem, and the grit of the frontier threatens the very foundations on which your ideals depended. From sea to shining sea, the earth ran red, and a new terror made its way ever forward into the abyss of power. **DISCLAIMER:** This book is intended as a companion to, not a replacement for, *Limitless*. The Revolutionary War as never told before. This breathtaking installment in Bill O'Reilly and Martin Dugard's mega-bestselling *Killing* series transports readers to the most important era in our nation's history: the Revolutionary War. Told through the eyes of George Washington, Benjamin Franklin, Thomas Jefferson, and Great Britain's King George III, *Killing England* chronicles the path to independence in gripping detail, taking the reader from the battlefields of America to the royal courts of Europe. What started as protest and unrest in the colonies soon escalated to a world war with devastating casualties. O'Reilly and Dugard recreate the war's landmark battles, including Bunker Hill, Long Island, Saratoga, and Yorktown, revealing the savagery of hand-to-hand combat and the often brutal conditions under which these brave American soldiers lived and fought. Also here is the reckless treachery of Benedict Arnold and the daring guerrilla tactics of the "Swamp Fox" Francis Marion. A must read, *Killing England* reminds one and all how the course of history can be changed through the courage and determination of those intent on doing the impossible.

A New York Times bestseller from the author of *Band of Brothers*: The biography of two fighters forever linked by history and the battle at Little Bighorn. On the sparkling morning of June 25, 1876, 611 men of the United States 7th Cavalry rode toward the banks of Little Bighorn in the Montana Territory, where three thousand Indians stood waiting for battle. The lives of two great warriors would soon be forever linked throughout history: Crazy Horse, leader of the Oglala Sioux, and General George Armstrong Custer. Both were men of aggression and supreme courage. Both became leaders in their societies at very early ages. Both were stripped of power, in disgrace, and worked to earn back the respect of their people. And to both of them, the unspoiled grandeur of the Great Plains of North America was an irresistible challenge. Their parallel lives would pave the way, in a manner unknown to either, for an inevitable clash between two nations fighting for possession of the open prairie.

The Edward Clown family, nearest living relatives to the Lakota war leader, presents the family tales and memories told to them about their famous grandfather. In many ways the oral history differs from what has become the standard and widely accepted biography of Crazy Horse. The family clarifies the inaccuracies and shares their story about the past, including what it means to them to be Lakota, the family genealogy, the life of Crazy Horse and his motivations, his death, and why they chose to keep quiet with their knowledge for so long before finally deciding to tell the truth as they know it. This book is a compelling addition to the body of works about Crazy Horse and the complicated and often conflicting events of that time period in American History. Floyd Clown, Doug War Eagle, and Don Red Thunder are the sole administrators and spokesmen of the Crazy Horse estate and often speak at historical gatherings and national parks about their family's history. William Matson has produced and directed an award-winning video, *Sitting Bull's Voice*, as well as the two-part video series, *The Authorized Biography of Sitting Bull by His Great-Grandson*, and the four-part video series, *The Authorized Biography of Crazy Horse and His Family*. He regularly speaks about these videos and their content at film festivals and has been working with the Crazy Horse family since 2001 to tell their story.

Crazy Horse was as much feared by tribal foes as he was honored by allies. His war record was unmatched by any of his peers, and his rout of Custer at the Little Bighorn reverberates through history. Yet so much about him is unknown or steeped in legend. *Crazy Horse: A Lakota Life* corrects older, idealized accounts—and draws on a greater variety of sources than other recent biographies—to expose the real Crazy Horse: not the brash Sioux warrior we have come to expect but a modest, reflective man whose courage was anchored in Lakota piety. Kingsley M. Bray has plumbed interviews of Crazy Horse's contemporaries and consulted modern Lakotas to fill in vital details of Crazy Horse's inner and public life. Bray places Crazy Horse within the rich context of the nineteenth-century Lakota world. He reassesses the war chief's achievements in numerous battles and retraces the tragic sequence of misunderstandings, betrayals, and misjudgments that led to his death. Bray also explores the private tragedies that marred Crazy Horse's childhood and the network of relationships that shaped his adult life. To this day, Crazy Horse remains a compelling symbol of resistance for modern Lakotas. *Crazy Horse: A Lakota Life* is a singular achievement, scholarly and authoritative, offering a complete portrait of the man and a fuller understanding of his place in American Indian and United States history.

With photographs and stunning illustrations from acclaimed author-artist S.D. Nelson, this thrilling double biography juxtaposes the lives of two enemies whose conflict changed American history: Crazy Horse and George Custer. In 1876, Lakota chief Crazy Horse helped lead his people's resistance against the white man's invasion of the northern Great Plains. One of the leaders of the US military forces was Army Lt. Col. George Armstrong Custer. The men had long been enemies. At the height of the war, when tribalism had reached its peak, they crossed paths for the last time. In this action-packed double biography, S. D. Nelson draws fascinating parallels between Crazy Horse and Custer, whose lives were intertwined. These warriors were

alike in many ways, yet they often collided in deadly rivalry. Witness reports and reflections by their peers and enemies accompany side-by-side storytelling that offers very different perspectives on the same historical events. The two men's opposing destinies culminated in the infamous Battle of the Greasy Grass, as the Lakota called it, or the Battle of the Little Bighorn, as it was called by the Euro-Americans. In Crazy Horse and Custer, Nelson's gripping narrative and signature illustration style based on Plains Indians ledger art, along with a mix of period photographs and paintings, shines light on two men whose conflict forever changed Lakota and US history. The book includes an author's note, timeline, endnotes, and bibliography.
